

New Hope Leadership Academy Sponsorship Letter

NHLA consist of athletic programs organized to serve those at-risk students who do not have opportunity to participate in a high school athletic program in their area. This may include homeschooled students, public/private school, and virtual students whose school does not offer a sports program, and students who do public school online. It is our desire to play against local public, private, and other home school athletic teams throughout the state of South Carolina.

Our athletic programs will offer Varsity Football, Volleyball, Varsity Boys & Girls Basketball, and Men's & Women's Track Programs. The teams are based on interest and availability of a director for that particular sport as well as funds and facilities to support it.

We are a non-profit 501c-3 organization and receive no external funding, therefore sponsorships are very much appreciated and aid to our success in providing the various sports programs for our athletes. Specifically, funds will go toward facility fees, uniforms, equipment, referees costs, and tournament fees.

In return, sponsors will be recognized on our website as a supporter of New Hope Leadership Academy. We would welcome you to come out and experience the thrill as our athletes compete at a high school level in the various sports offered.

We appreciate your consideration to becoming a sponsor of New Hope Leadership Academy.

Sincerely,

Demod Logan
